CORRIGENDUM

Weighted norm inequalities for positive operators restricted on the cone of λ-quasiconcave functions — Corrigendum

We correct some misprints in some powers that propagate throughout the paper with title "Weighted norm inequalities for positive operators restricted on the cone of λ-quasiconcave functions", Proceedings of the Royal Society of Edinburgh, 150, 17–39, 2020 DOI:10.1017/prm.2018.85

Where is $x^{\lambda p(1-p)}$ should be $x^{(\lambda pp'-1)(1-p)}$ in:
p. 24 → Theorem 3.1, eq. (3.2);
p. 24 → line -6;
p. 26 → line 1.

Where is $x^{\lambda \frac{p}{s}\left(1-\frac{p}{s}\right)}$ should be $x^{\left(\lambda \frac{p}{s}\left(\frac{p}{s}\right)'-1\right)\left(1-\frac{p}{s}\right)}$ in:
p. 26 → Theorem 3.2 - eq. (3.5).

Where is $y^{\lambda p}$ should be $y^{-\lambda p-1}$ in:
p. 33 → B_8, B_9, B_{10}, B_{11};
p. 34 → $B_{12}, B_{13}, B_{14}, B_{15}$.

Where is $x^{\lambda p}$ should be $x^{-\lambda p-1}$ in:
p. 34 → B_{15}, B_{16}, B_{17}.

Where is $z^{\lambda p}$ should be $z^{-\lambda p-1}$ in: p. 34 → B_{18};
p. 35 → $B_{22}, B_{23}, B_{24}, B_{25}$.

Where is $V_{\lambda p}^{1-p'}$ should be $V_{\lambda p}^{-1-p'}$ in:
p. 33 → B_8, B_9, B_{10}, B_{11};
p. 34 → $B_{12}, B_{13}, B_{14}, B_{15}$ (2 times), B_{16}, B_{17}, B_{18};
p. 35 → $B_{22}, B_{23}, B_{24}, B_{25}$.
