# Message from the Editor

---

In this issue I would like to take the opportunity of thanking our ad hoc reviewers on behalf of both myself and our former editor, Dr. James Sharpe. Through the thought and time of our reviewers, CJNS has adhered to the strictest standards of peer review. The list also highlights the breadth and depth of clinical neurosciences experience that we have been able to draw on for the review process largely within Canada but also with the help of international input. The list does not include the names of our Editorial Board members who are routinely asked to provide reviews for CJNS. To the Board we welcome new members Drs. Alan C. Jackson (Kingston, ON) Terence Myles (Calgary, AB) and David Ramsay (London, ON). We thank retiring Board members for their help: Harold P. Adams (Iowa City, USA), James T. Rutka (Toronto, ON) and Alan M. Smith (Montreal, QC). The reviewers listed in bold contributed five or more reviews to CJNS in 1999. Congratulations to all of our reviewers for maintaining the highest standards in our journal.

*Douglas Zochodne*
