2012 IPA International Meeting
7 – 11 September 2012
Cairns, Australia

Plan to Attend This Upcoming IPA Meeting!

HIGHLIGHTS FROM THE PROGRAM:

Opening Keynote Presentation – Professor Henry Brodaty
Scientia Professor of Ageing and Mental Health and Director of the Dementia Collaborative Research Centre at the University of New South Wales in Sydney, Australia
Henry Brodaty, President-Elect of IPA, will welcome delegates to the meeting and conduct the opening presentation.

Late Life Anxiety Keynote – Dr. Julie Wetherell
Associate Professor of Psychiatry at the University of California, San Diego and Staff Psychologist at the VA San Diego Healthcare System, United States
Julie Wetherell will discuss pharmacological and psychological approaches for treating anxiety in older people, including anxiety presenting as comorbid with depression.

Disaster Responses in Later Life Keynote – Professor Manabu Ikeda
Professor in the Department of Psychiatry and Neuropathobiology, Faculty of Life Sciences at Kumamoto University, Japan
Manabu Ikeda will speak about the Tohoku Tsunami disaster and the responses to the event from a mental health perspective, particularly the challenges of coordinating such a disaster response in an urban environment.

Mental Health Issues in Persons with Dementia Keynote – Professor Len Gray
Professor in Geriatric Medicine at the University of Queensland, in Brisbane, Australia
Len Gray will present on dementia care in the general hospital – what we know and what needs to be done to do the job properly.

Dementia Care in Indigenous Australians Keynote – Dr. Edward Strivens
Regional Geriatrician and Clinical Director for Older Person Health Services in Cairns and the Hinterland Health Service District in Far North Queensland, Australia
Edward Strivens will speak on dementia care in indigenous Australians – challenges and insights from the field, gained from his many years of clinical practice in this area.

Encourage a Colleague to Join

The International Psychogeriatric Association (IPA) is the leading multi-disciplinary, international organization dedicated to advancing geriatric mental health knowledge and promoting better geriatric mental health.

Benefits of IPA Membership Include

- The opportunity to interact with colleagues around the world who share an interest in advancing research, education, and theory about mental health in older people.

- **Education and meetings** reflecting the many disciplines in Psychogeriatrics and the collective expertise of the world; IPA members receive special “members only” rates for all our meetings and activities.

- A subscription to *International Psychogeriatrics*, IPA’s peer-reviewed monthly journal, which includes any additional special-focus supplements.

- The **IPA Bulletin**, an informative electronic newsletter.

**IPA Online** – the IPA website – containing a members area with special features, including access to fellow members, and the IPA Learning Portal.

Become part of a larger effort supporting the **growth of Psychogeriatrics around the world**.

**Behavioral and Psychological Symptoms of Dementia (BPSD) Education Materials** are available to IPA members in electronic format at no charge. The BPSD materials include the newly revised seven module **IPA Complete Guide to BPSD**. The **Primary Care Physician’s Guide to BPSD**, and the **Nurses’ Guide to BPSD** are currently in revision with a release date in 2012. Currently in development – **Long-Term Care** module.

IPA’s membership dues are set to accommodate the needs of a wide variety of colleagues worldwide. To find membership rates for you in your country and to join, please visit www.ipa-online.org.

*IPA … Better Mental Health for Older People*
IPA Complete Guide to Behavioral and Psychological Symptoms of Dementia (BPSD)

The only resource you need for all members of your team!

An IPA Members Benefit*

*IPA members have access online at no additional charge!

The *IPA Complete Guide to Behavioral and Psychological Symptoms of Dementia (BPSD)* was revised in 2010, based on the BPSD Educational Pack. This comprehensive resource has modules that provide a useful overview of the presentation and causes of BPSD, offering constructive guidance on treatment interventions.

BPSD are recognizable, understandable and treatable. The recognition and appropriate management of BPSD are important factors in improving our care of dementia patients and their caregivers.

These modules will provide a useful overview of the presentation and causes of BPSD offering:

- Module 1 An introduction to BPSD
- Module 2 Clinical issues
- Module 3 Etiology
- Module 4 Role of family caregivers
- Module 5 Non-pharmacological treatments
- Module 6 Pharmacological management
- Module 7 Cross-cultural and transnational considerations

Currently in revision – release 2012
Primary Care Physicians
Nurses

Currently in development
Long-Term Care
