

OBITUARY

DR ARTHUR FELIX, F.R.S.

We record with regret the death on 14 January of Dr A. Felix, who had been a regular contributor to the *Journal* since 1928, and who for many years has helped the Editors as a referee. Since 1952, his name has appeared on the *Journal's* cover among those acting 'in conjunction with' the Editors. Many remember with gratitude the painstaking help which Dr Felix so often and so willingly gave. His zest and his love of accuracy, and the care with which he polished the language of his own and other peoples' contributions will remain an invigorating example.
