HEIBERG, POVL. Is general paresis dependent upon previous treatment with mercury? (With 4 figures in the text).	500
WILSON, W. JAMES. Isolation of <i>Bact. typhosum</i> by means of bismuth sulphite medium in water- and milk-borne epidemics	507

The Journal of Hygiene is now issued bi-monthly. A volume is issued annually in paper covers at the following net prices:

Volumes I-III (1901-3). 17s. 6d. net per volume.

Volumes IV-XVI (1904-18), *excepting* Vol. VI, no. 4, Plague number. 25s. net per volume.

Volume XVII (1918). 31s. net.

Volumes XVIII-XXXI (1919-31). 42s. net per volume.

Volumes XXXII-XXXVII (1932-37). 47s. 6d. net per volume.

Quotations can be given for buckram binding cases and for binding subscribers' sets; also for bound copies of back volumes.

Papers for publication should be sent to Prof. C. C. OKELL, M.C., Ferry Corner, Old Chesterton, Cambridge. Other communications should be addressed to the University Press, Cambridge.

Papers forwarded to the Editor for publication are understood to be offered to *The Journal of Hygiene* alone, unless the contrary is stated.

Contributors receive fifty copies of their papers free. Additional copies may be had at cost price: these should be ordered when the final proof is returned.

The subscription price is £3. 15s. 0d. per volume (post-free), payable in advance; single numbers 15s. 0d. net. Subscriptions may be sent to any Bookseller, or to The Cambridge University Press, Bentley House, 200 Euston Road, London, N.W.1.

The Cambridge University Press has appointed the University of Chicago Press agents for the sale of *The Journal of Hygiene* in the United States of America.
