ANDIK, L., DONHOFFER, Sz., FARKAS, M. and SCHMIDT, P. Ambient temperature and survival on a protein-deficient diet 257
AYDELOTTE, M. B. Vitamin A deficiency in chickens 205
AYLWARD, F. see Wood, P. D. S. 89
BALCH, C. C. see CAMPING, R. C. 263
BANERJEE, D. K. and CHATTERJEA, J. B. Vitamin B₁₇ content of some articles of Indian diets and effect of cooking on it 385
BLAIR, R. Synthetic diets for young pigs 1
BLAIR, R., DIACK, J. R. B. and MACPHERSON, R. M. Bone development in suckled pigs 19
BLAXTER, K. L. and JOYCE, J. T. The effect of selenium administration on the growth and health of sheep on Scottish farms 105
BLAXTER, K. L. and JOYCE, J. P. The accuracy and ease with which measurements of respiratory metabolism can be made with tracheostomized sheep 523
BOOTH, V. H. and BRADFORD, M. P. Tocopherol contents of vegetables and fruits 575
BRADFORD, M. P. see BOOTH, V. H. 575
BRAUN, T. see FABRY, P. 295
BRESSANI, R., ELIAS, L. G. and VALIENTE, A. T. The determination of vitamin A in animal tissues and its presence in the liver of the vitamin A-deficient rat 199
BUNYAN, J. see also BUNYAN, J. 117
BUNYAN, J., GREEN, J. and BUNYAN, J. The determination of vitamin A in animal tissues and its presence in the liver of the vitamin A-deficient rat 199
BUNYAN, J. see also BUNYAN, J. 117
COATES, J. see also FABRY, P. 295
COATES, J. see also FABRY, P. 295
CABAK, V., DICKERSON, J. W. T. and STANIER, M. W. Response of young rats to rehabilitation with diets containing different amounts of protein after deprivation of protein or of calories 617
CABAK, V., DICKERSON, J. W. T. and STANIER, M. W. Response of young rats to rehabilitation with diets containing different amounts of protein after deprivation of protein or of calories 617
CAMPLING, R. C. see CAMPFEN, K. J. 309
CAMPING, R. C. see also FREER, M. 79
CAMPING, R. C. see also ROOK, J. A. F. 399
CARTER, R. A. and COOK, G. C. Studies on the serum total carotenoids, vitamin A and serum colour in Nigerian soldiers 515
CHATTERJEA, J. B. see BANERJEE, D. K. 385
CLEDGE, P. Bound nicotinic acid in dietary wheaten products 325
COATES, M. E., FULLER, R., HARRISON, G. F., LEV, M. and SUFFOLK, S. F. A comparison of the growth of chicks in the Gustafsson germ-free apparatus and in a conventional environment, with and without dietary supplements of penicillin 141
COOK, G. C. see CARTER, R. A. 515
CORBETT, J. L. see LANGLANDS, J. P. 211, 219
CUTHBERTSON, W. F. J. The vitamin D activity of plasma of children with idiopathic hypercalcaemia 627
DIACK, J. R. B. see Blair, R. 19
DICKERSON, J. W. T. see CABAK, V. 601, 617
DIPLOCK, A. T., GREEN, J. and BUNYAN, J. The determination of vitamin A in animal tissues and its presence in the liver of the vitamin A-deficient rat 199
DIPLOCK, A. T. see also BUNYAN, J. 117
DONHOFFER, S. see ANDIK, L. 257
DORAN, B. M. and GREGORY, M. E. The influence of ovarian activity or treatment with oestradiol dipropionate on the vitamin B₁₇ content of cells and plasma of the blood of the domestic fowl 538
EL DIN, N. see PASSMORE, R. 273
ELIAS, L. G. see BRESSANI, R. 69
ELLIOIT, R. C. and TOPPS, J. H. Studies of protein requirements of ruminants 1. Nitrogen balance trials on two breeds of African cattle given diets adequate in energy and low in protein 539
ELLIOIT, R. C. and TOPPS, J. H. Studies of protein requirements of ruminants 2. Protein requirement for maintenance of three breeds of cattle 549
EVANS, J. R. and HUGHES, R. E. The growth-maintaining activity of ascorbic acid 251
FABRY, P., PETRÁSÉK, R., HORAČKOVÁ, E., KONOPÁŠEK, E. and BRAUN, T. Energy metabolism and growth in rats adapted to intermittent starvation 295
Vol. 17

Index of Authors

PAW, C. G. see LEWIS, D. 415
PETÁSEK, R. see FÁBRY, P. 295
PILKINGTON, T. R. E. see WOOD, P. D. S. 89
PLACK, P. A. Effect of high doses of vitamin A palmitate on vitamin A aldehyde, esters and alcohol and carotenoid contents of hen's eggs 235
PLACK, P. A. The amounts of vitamin A aldehyde, esters and alcohol and of carotenoids in hen's eggs and in day-old chicks 243
POUPA, O. see PAPEZKOVA, J. 341
RXID, G. W. see LASGLANDS, J. P. 219, 219
