

ADDENDUM

Measuring Preferences and Behaviours in the 2019 Canadian Election Study – ADDENDUM

Laura Stephenson, Allison Harell, Daniel Rubenson and Peter John Loewen

<https://doi.org/10.1017/S0008423920001006>, published by Cambridge University Press, 25 January 2021.

Keywords: Canadian Election Study; online survey; phone survey; subgroup analysis; rolling cross-section; addendum

Mots-clés: Étude électorale canadienne; enquête en ligne; enquête téléphonique; analyse par sous-groupe; enquête à volets multiples; addendum

The editorial board of the *Canadian Journal of Political Science* would like to provide some additional information about the peer-review process for this article. Because the first author of the article is affiliated with the same department as the English-language *CJPS* editorial team, the peer review process for the article was overseen by a guest editor, David Peterson (Iowa State University), to avoid any conflict of interest.
