CORRIGENDUM

Advancing early warning mechanisms: an augmented intelligence-driven model for predicting multidimensional vulnerability levels in Afghanistan – CORRIGENDUM

Damla Aras 🆔 and Timothy Westlake

DOI: https://doi.org/10.1017/dap.2024.91, Published online by Cambridge University Press: 14 February 2025

This manuscript was published with an incorrect funding statement. The funding statement originally read:

> 'This work was funded by the United Nations Development Program (UNDP).UNAMA and UNDP approved the publishing of the results.'

The funding statement has now been corrected to:

> 'This work was funded by the United Nations Development Program (UNDP). UNAMA approved the publishing of the results.'

The authors apologise for this error.
