Death and Redemption

The Gulag and the Shaping of Soviet Society
Steven A. Barnes

“Death and Redemption provides an extraordinarily rich account of the Gulag that goes far beyond traditional views of life in the camps to show how it mirrored and recreated the hierarchies and tensions of broader Soviet society. When all is said and done, this is a brilliant book. Readers, both general and scholarly, will find material for thought here, supported by careful documentation and excellent, absolutely first-rate analysis.”

Epic and the Russian Novel

From Gogol to Pasternak

By Frederick T. Griffiths and Stanley J. Rabinowitz

ISBN 978-1-936235-53-7 (cloth) \$69.00 / £57.50 236 pp.

Epic and the Russian Novel from Gogol to Pasternak examines the origin of the 19th century Russian novel and challenges the Lukács-Bakhtin theory of epic. By removing the Russian novel from its European context, the authors reveal that it developed as a means of reconnecting the narrative form with its origins in classical and Christian epic in such a way that expressed the Russian desire to renew and restore ancient spirituality. Through this methodology, Griffiths and Rabinowitz dispute Bakhtin's classification of epic as a monophonic and dead genre whose time has passed. Through readings of Gogol's *Dead Souls*—a uniquely problematic work, and one which Bakhtin argued was novelistic rather than epic—Dostoevsky's *Brothers Karamazov*, Pasternak's *Doctor Zhivago* and Tolstoy's *War and Peace*, this book redefines "epic" and how we understand the sweep of Russian literature as a whole.

Charms of the Cynical Reason:

The Trickster's Transformation in Soviet and Post-Soviet Culture

By Mark Lipovetsky

ISBN 978-1-934843-45-1 (cloth) \$65.00 / £54.50 296 pp.

The impetus for *Charms of the Cynical Reason* is the phenomenal and little-explored popularity of various tricksters flourishing in official and unofficial Soviet culture, as well as in the post-Soviet era. Mark Lipovetsky interprets this puzzling phenomenon through analysis of the most remarkable and fascinating literary and cinematic images of Soviet and post-Soviet tricksters, including such "cultural idioms" as Ostap Bender, Buratino, Vasilii Tyorkin, Shtirlitz, and others. Through an analysis of the representation of tricksters in Soviet and post-Soviet culture, Lipovetsky attempts to draw a virtual map of the Soviet and post-Soviet cynical reason: to identify its symbols, discourses, contradictions, and by these means its historical development from the 1920s to the 2000s.

Keys to The Gift:

A Guide to Vladimir Nabokov's Novel

By Yuri Leving

ISBN 978-1-934843-11-6 (cloth) \$40.00 / £33.50 350 pp.

Yuri Leving's *Keys to The Gift: A Guide to Vladimir Nabokov's Novel* is a new systematization of the main available data on Nabokov's most complex Russian novel, *The Gift* (1934–1939). From notes in Nabokov's private correspondence to scholarly articles accumulated during the seventy years since the novel's first appearance in print, the work draws from a broad spectrum of existing material in a succinct and coherent way, as well as providing innovative analyses. Along with annotations to all five chapters of *The Gift*, the commentary provides insight into problems of paleography, featuring unique textological analysis of the novel based on the author's study of the archival copy of the manuscript.
