RASHI
by Elie Wiesel
Translated by Catherine Temerson

From Elie Wiesel, a magical book that introduces us to the towering figure of Rashi—Rabbi Shlomo Yitzchaki—the great biblical and Talmudic commentator of the Middle Ages. Wiesel, a descendant of Rashi, proves an incomparable guide who enables us to appreciate both the lucidity of Rashi’s writings and the milieu in which they were formed.

A FINE ROMANCE
Jewish Songwriters, American Songs
by David Lehman

“David Lehman’s A Fine Romance wittily explores the enormous contribution of Jewish writers and composers to the American musical scene. Lehman finds Jewish influence, or what he calls ‘a plaintive undertow,’ even in such unlikely upbeat anthems as Gershwin’s ‘Love Walked In.’ His love-struck history is itself a major entertainment.”
—John Ashbery, author of Three Poems

GIRLS OF ROOM 28
Friendship, Hope, and Survival in Theresienstadt
by Hannelore Brenner
Translated by John E. Woods and Shelley Frisch

From 1942 to 1944, twelve thousand children passed through the Theresienstadt internment camp, near Prague, on their way to Auschwitz. Only a few hundred of them survived the war. In The Girls of Room 28, ten of these children—mothers and grandmothers today in their seventies—tell us how they did it.

“This beautiful evocation of heartwarming friendship in the darkest of times is unforgettable.”
—Elie Wiesel

THE WICKED SON
Anti-Semitism, Self-Hatred, and the Jews
by David Mamet

Now in Paperback

Written with the searing honesty and verbal brilliance that is the hallmark of David Mamet’s work, The Wicked Son is a powerfully thought-provoking look at one of the most destructive and tenacious forces in contemporary life. Mamet’s interest in anti-Semitism is not limited to the modern face of an ancient hatred but encompasses as well the ways in which many Jews have internalized that hatred.

JEWISH LIFE & LAW

Cosmopolitans
A Social and Cultural History of the Jews of the San Francisco Bay Area
FRED ROSENBAUM
Told through an astonishing range of characters and events, Cosmopolitans illuminates many aspects of Jewish life in the area. Focusing in rich detail on the first hundred years after the Gold Rush, the book also takes the story up to the present day, demonstrating how unusually strong affinities for the arts and for the struggle for social justice have characterized this community even as it has changed over time.

Ghosts of Home
The Afterlife of Czernowitz in Jewish Memory
MARIANNE HIRSCH and LEO SPITZER
In modern-day Ukraine, east of the Carpathian Mountains, there is an invisible city, known as Czernowitz, this vibrant Jewish-German Eastern European culture vanished after World War II—yet an idealized version lives on, suspended in the memories of its dispersed people and passed down to their children like a precious and haunted heirloom. Hirsch and Spitzer find evidence of a cosmopolitan culture of nostalgic lore—but also of oppression and shattered promises. It is a powerful journey through time and place, to confront a home that both sheltered and expelled its people.

Halakhah in the Making
The Development of Jewish Law from Qumran to the Rabbis
AHARON SHEMESH
“Shemesh outlines in an accessible form the major features of the history of halakhah between the Dead Sea Scrolls and the early rabbinic traditions. While agreeing with other scholars on the conservative, stringent approach to halakhah of both the Sadducees and the authors of the Scrolls, Shemesh argues that this approach surprisingly had more impact on Pharisaic and rabbinic Judaism than usually assumed.... A unique and original thesis.”

UNIVERSITY OF CALIFORNIA PRESS
The first volume in this comprehensive work is an exploration of the history of Jewish philosophy from its beginnings in antiquity to the early modern period, with a particular emphasis on medieval Jewish thought. Unlike most histories, encyclopedias, guides, or companions of Jewish philosophy, this volume is organized by philosophical topic rather than by chronology or individual figures. There are sections on logic and language; natural philosophy; epistemology, philosophy of mind, and psychology; metaphysics and philosophical theology; and practical philosophy. There are also chapters on the intellectual background of Jewish philosophy, including Islamic and Greek thought and the Jewish philosophical textual traditions. With essays by leading scholars in the field, this volume provides the reader with a wonderful overview of the richness and sophistication of Jewish philosophy in its golden age.

"Until now, no English language author has explored the literary sources for Buber's collections and asked broader questions about how the 'original' Hasidic collections were produced, by whom, and for what purpose. Lewis does precisely this in this groundbreaking book. *Imagining Holiness* is the most important work on the topic yet produced in the English language." — Nathaniel Deutsch, University of California, Santa Cruz

Central European History

Editors:
Kenneth Ledford, Case Western Reserve University, USA
Catherine Epstein, Amherst College, USA

Published for the Central European History Conference Group of the American Historical Association

Central European History offers articles, review essays, and book reviews that range widely through the history of Germany, Austria, and other German-speaking regions of Central Europe from the medieval era to the present. All topics and approaches to history are welcome, whether cultural, social, political, diplomatic, intellectual, economic, and military history, as well as historiography and methodology. Contributions that treat new fields, such as post-1945 and post-1989 history, maturing fields such as gender history, and less-represented fields such as medieval history and the history of the Habsburg lands are especially desired. The journal thus aims to be the primary venue for scholarly exchange and debate among scholars of the history of Central Europe.

Central European History is especially valuable for:

• cultural and social historians
• political scientists
• historians of Central Europe, Germany, and German-speaking regions
• intellectual historians
• military historians
