Aims and Scope
The European Journal of Archaeology is the international, peer-reviewed journal of the European Association of Archaeologists aiming to publish the best new archaeological research undertaken in and around Europe.

Articles cover a wealth of topics including major reviews of the prehistoric and historic archaeology of Europe and neighbouring regions; reports on key archaeological discoveries set within a European context; cutting-edge research and debates on science-based archaeology, archaeological method and theory, public archaeology and the history of archaeology; and interviews reflecting upon the life and work of significant European archaeologists. All articles are published with short, accessible abstracts in English, French and German.

Submission procedure
All articles must be submitted online at ejarch.edmgr.com

Detailed Instructions for Authors can be found at https://www.cambridge.org/core/journals/european-journal-of-archaeology/information/instructions-contributors

Style
British spelling (as given in the Oxford English Dictionary) is used (e.g. ize not ise). For more information please consult the Instructions for Authors.

Referencing

References in the text should be made within parentheses and include the surname of the author (unless the author already appears within the same paragraph), the publication date of the work and, where necessary, the page reference. Contributions should be followed by an alphabetical list of Works Cited, comprising only those sources actually cited in the text.
