Notes for Contributors

Policy *Phonology* is concerned with all aspects of phonology and related disciplines. Each volume contains two issues, published in April and October. From time to time, one of the issues will be devoted to one or more themes. The editors encourage the submission of papers on proposed themes as well as on other topics relevant to the interests of *Phonology*. In addition, they welcome offers to act as guest editor for particular themes. The normal language of publication is English. Contributors intending to submit a manuscript in another language should first contact the editors.

Future volumes

Volume 9 (1992) will be non-thematic.

Style Intending contributors should consult previous issues. A full set of notes for contributors is published on pp. 309–312 of this volume.

Proofs First proofs only will be sent to the (first-named) author, who will be expected to correct them and return them to the editors within three days of receipt.

Offprints 25 offprints will be supplied to each author. Further offprints may be purchased if they are ordered at proof stage.
