* * *

BRITISH MEDICAL ASSOCIATION.

The meeting will be held at Oxford on July 22nd and 23rd. In the section of Oto-laryngology the main discussion will be on "Streptococcal infections of the ear and air passages". Professor Luscher of Berne will give a demonstration of Otomicroscopy and there will also be a discussion on the value of Aids to Hearing.

The Dinner of the section will be held in Oriel College on the evening of July 23rd.

* * *

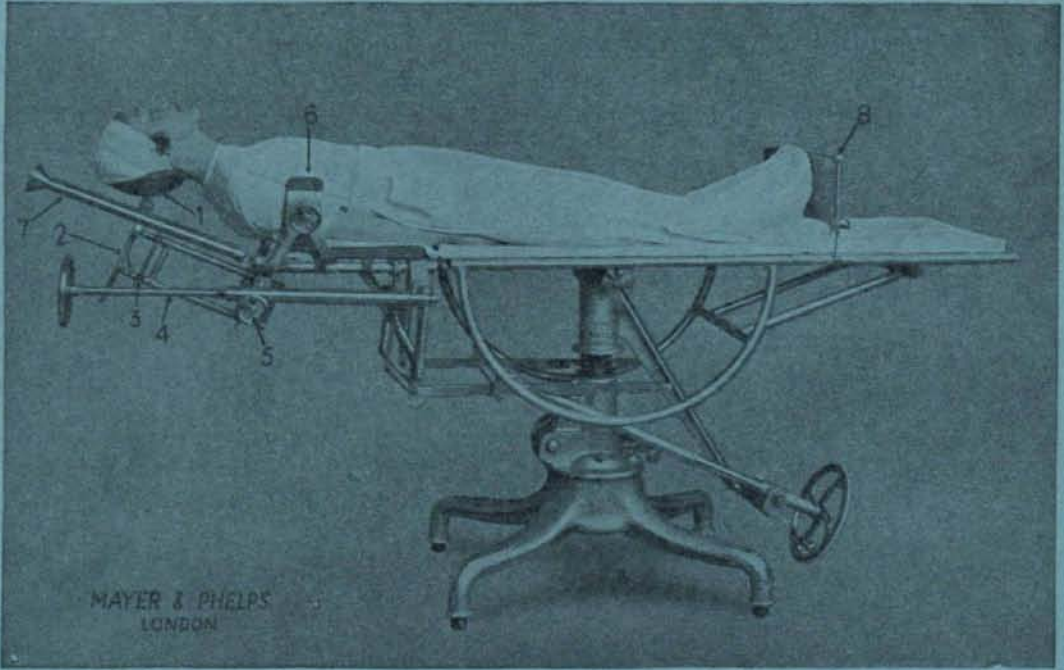

PROFESSOR H. S. BIRKETT.

We are pleased to learn that his colleagues in Canada are holding a dinner in Professor Birkett's honour on April 3rd, to celebrate the fiftieth year of his graduation in medicine. May we offer him our congratulations and our sincere good wishes for his future health and happiness.

Peroral Endoscopy Table

Fitted with Head Rest for BRONCHOSCOPY, ŒSOPHAGOSCOPY,
NASAL OPERATIONS Etc.

Designed by V. E. NEGUS, M.S., F.R.C.S.

The head rest enables the operator himself to place the patient in the desired position for a variety of operations. All parts touched by the operator are sterilisable.

The apparatus is an elaboration of Haslinger's Bronchoscopic head rest, but its range of utility is extended to enable the patient to be supported with the shoulders beyond the end of the table for œsophagoscopy, and to be kept in the correct attitude during operations performed in the sitting or semi-sitting position.
