

# Announcing the completely NEW format of the **CLINICAL RESEARCH MEETING**

April 29-May 2, 1994  
Baltimore, Maryland

## Jointly Sponsored By

Association of  
American Physicians (AAP)

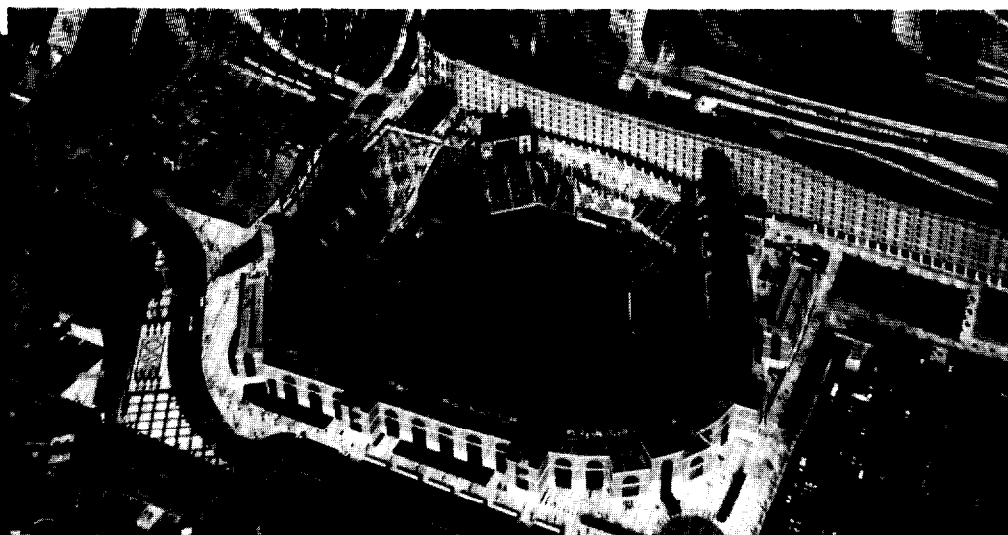

American Society  
for Clinical Investigation (ASCI)

American Federation  
for Clinical Research (AFCR)

## For Registration Information Contact

The Clinical Research  
Meeting Headquarters:  
6000 Grove Road, Therefore NJ

## Theme Symposia

*The most exciting multidisciplinary  
topics presented by invited speakers.*

### AIDS

Anthony S. Fauci  
Robert C. Gallo  
Martin S. Hirsch  
Barton F. Haynes

### ANIMAL MODELS OF INFECTION

Mary F. Lipscomb  
Emil Skamene  
Jack S. Remington  
Richard M. Locksley

### CELL CYCLE IN MEDICINE

Bert Vogelstein  
David H. Beach  
Charles J. Sherr  
Robert A. Weinberg

### DNA INSTABILITY IN HUMAN DISEASE

C. Thomas Caskey

### MANIPULATING THE IMMUNE SYSTEM

Laurie H. Glimcher  
Barbara E. Bierer  
Craig B. Thompson  
Steven McKnight

### NITRIC OXIDE BIOLOGY

Carl F. Nathan  
Solomon H. Snyder  
Thomas M. Michel  
Richard D. Klausner

### NOVEL APPROACHES TO DRUG DESIGN

David Galas  
James Marsters  
Ronald Hoess  
Larry L.K. Leung

### ONCOGENES AND TUMOR SUPPRESSOR GENES IN THE SKIN

Douglas R. Lowy  
Dennis R. Roop  
Douglas E. Brash  
Allen E. Bale

### OXIDANTS AND INJURY/ ATHEROSCLEROSIS

Seymour J. Klebanoff  
Bradley E. Britigan  
John W. Baynes  
Jay W. Heinecke

### STEM CELLS IN CELL THERAPY

Irving L. Weissman  
Arthur W. Nienhuis

## The Year in Medicine

*Update the hottest developments  
across the spectrum of medicine.*

### ALLERGY/IMMUNOLOGY

Max D. Cooper

### CARDIOLOGY

R. Sanders Williams

### DERMATOLOGY

Stephen I. Katz

### ENDOCRINOLOGY/ METABOLISM

Arthur H. Rubenstein

### EPIDEMIOLOGY/HEALTH SERVICES RESEARCH

Alan M. Garber

### GASTROENTEROLOGY/ HEPATOLOGY

Donald W. Powell

### HEMATOLOGY

H. Franklin Bunn

### INFECTIOUS DISEASES

Gerald L. Mandell

### ONCOLOGY

Stuart Kornfeld

### PULMONARY

Robert M. Strieter

### RENAL

Thomas E. Andreoli

### RHEUMATOLOGY

Dennis A. Carson

## Poster Discussion Sessions

*Posters presented in the traditional  
grand format. Presenters and  
attendees convene in meeting rooms  
where discussions are led by  
renowned investigators.*

### AIDS

Anthony S. Fauci

### AGING

Richard M. Altman

### ATHEROSCLEROSIS

Victor J. Dzau

### CARDIOVASCULAR: BIOCHEMISTRY AND CELL BIOLOGY

R. Sanders Williams

### CARDIOVASCULAR: PHYSIOLOGY AND PHARMACOLOGY

Ronald G. Victor

### CELL ADHESION/ EXTRACELLULAR MATRIX/ CYTOSKELETON

Samuel C. Silverstein

### CLINICAL EPIDEMIOLOGY/ HEALTH CARE RESEARCH

Michael J. Lichtenstein

### CYTOKINES/ GROWTH FACTORS

Jean-Michel Dayer

### DERMATOLOGY

Lowell A. Goldsmith

### ENDOCRINOLOGY/ METABOLISM

Jean D. Wilson

### EPITHELIAL BIOLOGY

### GASTROENTEROLOGY/ HEPATOLOGY

Tadataka Yamada

### GENETIC BASIS OF DISEASE

Rochelle Hirschhorn

### HEMATOLOGY/ ONCOLOGY

Neal S. Young

### HYPERTENSION

Theodore A. Kotchen

### IMMUNOLOGY/ RHEUMATOLOGY/ ALLERGY

John D. Stobo

### INFECTIOUS DISEASES

Robert A. Clark

### NEUROSCIENCE

Samuel E. Gandy

### NUTRITION

Richard S. Rivlin

### PHARMACOLOGY

David W. Nierenberg

### PULMONARY/CRITICAL CARE MEDICINE

Robert M. Strieter

### RECEPTORS/SIGNAL TRANSDUCTION/ INTRACELLULAR MEDIATORS

Robert J. Lefkowitz  
and Philip W. Majerus

### REGULATION OF GENE EXPRESSION

Arthur W. Nienhuis

# TB?

# What TB?

No matter how closely you look, you won't find the TB bacteria. Not when you use Ferno® Cavicide® for cleaning and disinfecting. In fact, you won't find most bacteria, viruses or fungi. That's why Cavicide, from Ferno IIIe, meets all OSHA requirements regarding blood-borne pathogens.

Ferno Cavicide is a multipurpose, broad spectrum cleaner and disinfectant that can be used on stainless steel, fiberglass, plastic or any other nonporous, hard surface. And since it cleans *and* disinfects, you need only one product for two jobs.

**Ferno® Cavicide® Cleaner and Disinfectant.**  
**The Search Is Over.**

**800/733-7751**
