Forum of Mathematics, Sigma

Managing Editor

Robert Guralnick, *University of Southern California, Los Angeles, USA*

Sigma is the open access alternative to the leading specialist mathematics journals. Editorial decisions are made by dedicated clusters of editors concentrated in the following areas: foundations of mathematics, discrete mathematics, algebra, number theory, algebraic and complex geometry, differential geometry and geometric analysis, topology, analysis, probability, differential equations, computational mathematics, applied analysis, mathematical physics, and theoretical computer science. This classification exists to aid the peer review process.

Forum of Mathematics, Pi

Managing Editor

Robert Guralnick, *University of Southern California, Los Angeles, USA*

Pi is the open access alternative to the leading generalist mathematics journals and will be of real interest to a broad cross-section of all mathematicians. Papers published will be of the highest quality.

Forum of Mathematics, Pi

Compositio Mathematica

Produced, marketed and distributed for the London
Mathematical Society

Managing Editors

Jochen Heinloth, *Universität Duisburg-Essen, Germany*

Eric Opdam, *University of Amsterdam, The Netherlands*

Burt Totaro, *UCLA, USA*

Compositio Mathematica is a prestigious, well-established journal publishing first-class research papers that traditionally focus on the mainstream of pure mathematics. *Compositio Mathematica* has a broad scope which includes the fields of algebra, number theory, topology, algebraic and analytic geometry and (geometric) analysis. Papers on other topics are welcome if they are of broad interest. All contributions are required to meet high standards of quality and originality. Publications in this journal benefit from the added value of careful reviewing and editing. The journal has an international editorial board reflected in the journal content.

Proceedings of the Royal Society of Edinburgh, Section A: Mathematics

Marketed and Distributed for the Royal Society of Edinburgh

Chairman and Executive Editor

A. A. Ranicki, *University of Edinburgh, UK*

A flagship publication of The Royal Society of Edinburgh, Proceedings A is a prestigious, general mathematics journal publishing peer-reviewed papers of international standard across the whole spectrum of mathematics, but with the emphasis on applied analysis and differential equations. An international journal, publishing six issues per year, Proceedings A has been publishing the highest-quality mathematical research for nearly 70 years. Recent issues have included a wealth of key contributors and considered research papers.

CAMBRIDGE
UNIVERSITY PRESS

Nagoya Mathematical Journal is included in the Cambridge Journals Online service which can be found at <http://journals.cambridge.org/>. For further information on other Press titles access cambridge.org/.

Subscriptions: *Nagoya Mathematical Journal* (ISSN 0027-7630) is published in four parts or volumes in 2016, in March, June, September and December. The Journal is published by Cambridge University Press, Journals Fulfillment Department, UPH, Shaftesbury Road, Cambridge CB2 8BS, UK. /Cambridge University Press, 1 Liberty Plaza, Floor 20, New York, NY 10006, USA on behalf of the Editorial Board of the *Nagoya Mathematical Journal*. Subscriptions include four volumes; all subscriptions are on a calendar-year basis. Annual subscription rates (excluding VAT) in 2016 are: print and electronic, \$424; print-only, \$402; electronic-only, \$340.

Orders, which must be accompanied by payment, should be sent to any bookseller or subscription agent, or direct to the publisher: Cambridge University Press, The Edinburgh Building, Shaftesbury Road, Cambridge CB2 8RU. Subscriptions in the USA, Canada and Mexico should be sent to Cambridge University Press, Journals Fulfillment Department, 1 Liberty Plaza, Floor 20, New York, NY 10006, USA. EU subscribers (outside the UK) who are not registered for VAT should add VAT at their country's rate. VAT registered subscribers should provide their VAT registration number. Japanese prices for institutions are available from Kinokuniya Company Ltd, P.O. Box 55, Chitose, Tokyo 156, Japan. Prices include delivery by air.

Copying: This journal is registered with the Copyright Clearance Center, 222 Rosewood Drive, Danvers, Mass. 01923, USA. Organizations in the USA who are also registered with C.C.C. may therefore copy material (beyond the limits permitted by sections 107 and 108 of US copyright law) subject to payment to C.C.C. of the per-copy fee of \$45.00. This consent does not extend to multiple copying for promotional or commercial purposes.

Organizations authorized by the Copyright Licensing Agency may also copy material subject to the usual conditions.

For all other use, permission should be sought from Cambridge or the American Branch of Cambridge University Press.

Advertising: Details on advertising in *Nagoya Mathematical Journal* may be obtained directly from the Publisher.

Indexing/Abstracting: *Nagoya Mathematica Journal* is indexed and/or abstracted in *Current Contents. Physical, Chemical, and Earth Sciences*, *MathSciNet*, *Science Citation Index*, *Science Citation Index Expanded*, and *Zentralblatt MATH*.
