

HELP FOR THE SICK DOCTOR

The Association of Anaesthetists of Great Britain and Ireland and the Royal College of Psychiatrists are co-operating in a pilot venture to bring help to sick anaesthetists early in their illness. The proposed system would depend upon voluntary reporting by colleagues and is non-coercive. It must be emphasized that this scheme is supplementary to existing controls. Fitness to practise may be impaired through illness and the sick doctor for various reasons does not take any steps to remedy the situation. This scheme provides machinery whereby confidential psychiatric help can be offered to the ailing doctor from a source outside his own Area or Region. If successful, the scheme could be extended to other branches of the medical profession.

The reporting clinician contacts the Association of Anaesthetists' office to learn the name of a referee (Dr A. J. Beard, Professor A. C. Forrester, Dr P. J. Helliwell, Dr J. Alfred Lee, Professor W. W. Mushin, Professor Sir Robert MacIntosh, Professor Sir Geoffrey Organe) and need not identify himself to the office staff. The reporting clinician will be given the name, telephone number and availability of the

referee. Preferably, a second clinician will also be required to confirm the report to the referee. The referee then contacts a psychiatrist from another Region nominated by the Royal College of Psychiatrists from a prepared list: the psychiatrist then contacts the potential patient. No further information will be transmitted through the system unless the potential patient does not accept the offer of a visit to the nominated psychiatrist. In that case, the reporting physician(s) will be informed after a month that treatment has not been accepted. Suitable arrangements have been made for confidential treatment of the doctor-patient in another Region and for reimbursement of travel expenses. In this connection the Medical Defence Union has made a generous donation.

The scheme can be initiated confidentially through the Association of Anaesthetists of Great Britain and Ireland, Room 475/478, Tavistock House South, Tavistock Square, London WC1H 9LG. (Telephone: 01 387 4782).

K. RAWNSLEY
Chairman, College Committee on Sick Doctors.

FORTHCOMING EVENTS

MRC Psych. Basic Science Course, Charing Cross Hospital

Term I runs from 8 May-17 July 1979. Term fee £80; registration fee £15. Details from Secretary to Dr Weller, Department of Psychiatry, Charing Cross Hospital, Fulham Palace Road, London, W6 8RF.

Third South-East European Neuropsychiatric Conference

The Third South-East Neuropsychiatric Conference will be held in Thessaloniki, Greece, from 26-29 September. The main topic will be 'Neurological and Psychiatric Problems in General Medicine'. Further information from Asst Prof E. C. Dimitriou, General Secretary, South-East European Society for Neurology and Psychiatry, 80 Mitropoleos Street, Thessaloniki.
