
Erratum

The Figures of the paper "From biogas energy, biotechnology to new agriculture" by J.C.H. Shih, published in WPSJ **68(3)**; 409-416 were not all correct. The captions for Figures 6-9 were mismatched and Figure 9 was missing. Below are all the correct Figures for this paper.

Figure 1 Laboratory digesters.

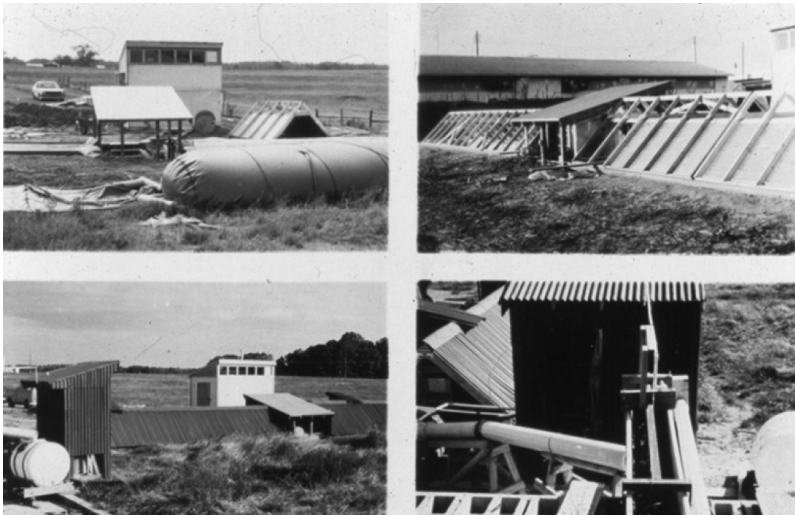

Figure 2 Pilot digester on research farm.

Figure 3 100-m³ Liuminying digester for 50,000 hens in Beijing.

Figure 4 Large biogas power plant for 2.6 million hens in Beijing.

Figure 5 Feather degradation in test tubes by *Bacillus licheniformis* PWD-1.

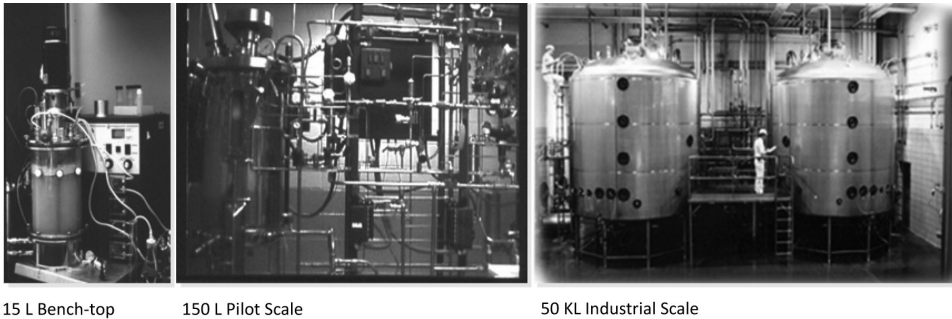

Figure 6 Production of keratinase by scaling up fermentation.

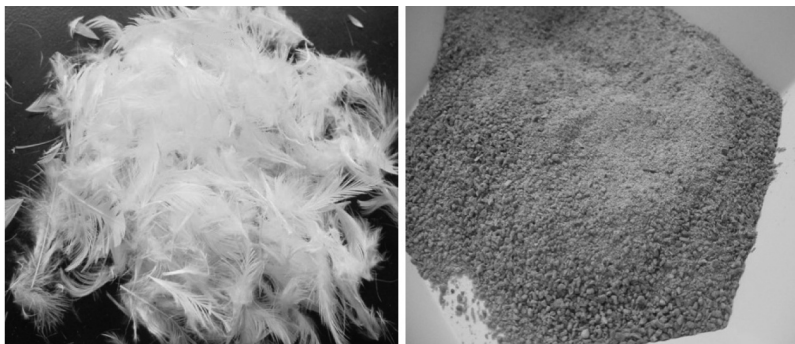

Figure 7 Conversion of feathers into the improved feather meal.

Erratum

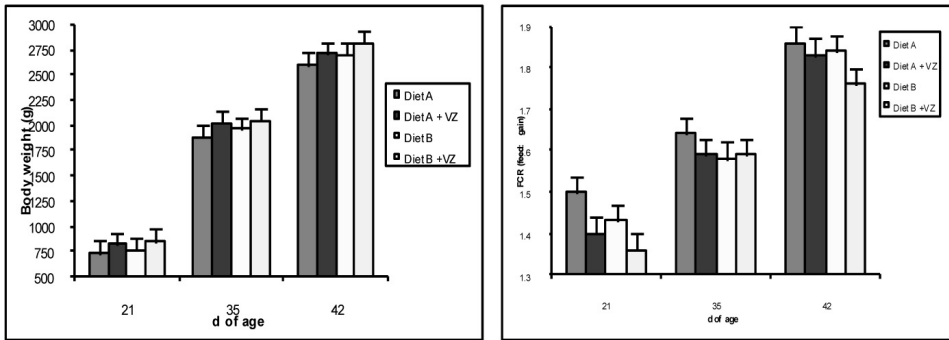

Figure 8 Versazyme (VZ) improved body weights and feed conversion ratios (FCR) during the 42 days of growth of broiler chickens.

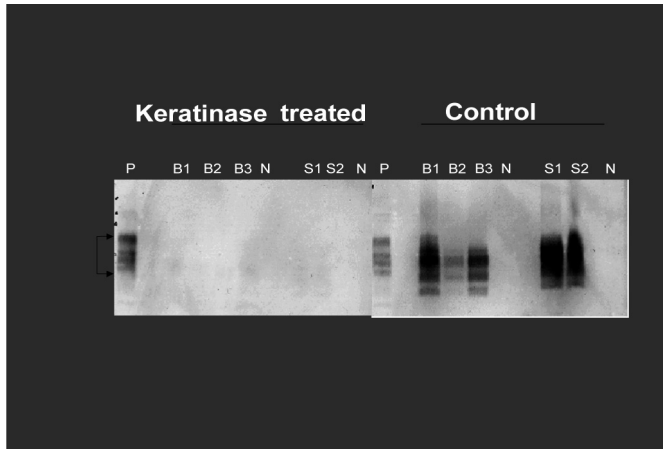

Figure 9 Keratinase degradation of brain stem prion protein. P: standard, N: normal animals, B1-3: 3 BSE cows, and S1-2: 2 scrapie sheep.
