Periodicals postage is paid at Poughkeepsie NY and at additional mailing offices. The JOURNAL is distributed with THE BULLETIN OF SYMBOLIC LOGIC; the 2003 annual subscription price for the two journals is \$450. Online subscription is available from Project Euclid; visit <http://projecteuclid.org/Dienst/UI/1.0/Home>. **Postmaster:** Send address changes to The Journal of Symbolic Logic, Journals Division UIP, 1325 South Oak Street, Champaign, IL 61820-6903, USA. Business correspondence should be sent to the Secretary-Treasurer of the Association, Charles Steinhorn (address on inside back cover).

The BULLETIN and the JOURNAL are the official organs of the Association for Symbolic Logic, an international organization for furthering research in symbolic logic and the exchange of ideas among mathematicians, philosophers, computer scientists, linguists, and others interested in this field.

The JOURNAL invites submission of (1) original technical papers in the field of symbolic logic, (2) expository papers in this field, (3) papers whose main point is philosophical and which either bear upon logic or make use of its methods, and (4) studies in the history of logic in which modern technical developments are taken into account.

Articles being submitted for publication in the JOURNAL should be sent to one (and only one) of the following editors: *Françoise Delon*, UFR de Math., Univ. Paris VII, 2 pl. Jussieu, case 7012, F-75251 Paris cédex 05, France (delon@logique.jussieu.fr); or *Rod Downey*, Department of Mathematics, Victoria University of Wellington, Box 600, Wellington, New Zealand (rod.downey@vuw.ac.nz); or *John Etchemendy*, Department of Philosophy, Stanford University, Stanford, CA 94305, USA (jetch@csli.stanford.edu); or *Robert Goldblatt*, Department of Mathematics, Victoria University, Box 600, Wellington, New Zealand (rob.goldblatt@vuw.ac.nz); or *Martin Grohe*, Laboratory for the Foundations of Computer Science, Division of Informatics, University of Edinburgh, Edinburgh EH9 3JZ, Scotland, U.K. (grohe@dcs.ed.ac.uk); or *Greg Hjorth*, Department of Mathematics, University of California, Los Angeles, CA 90095-1555, USA (greg@math.ucla.edu); or *Michael Rathjen*, School of Mathematics, University of Leeds, Leeds LS2 9JT, England (rathjen@amsta.leeds.ac.uk); or *Simon Thomas*, Department of Mathematics, Rutgers University, New Brunswick, NJ 08903, USA (sthomas@math.rutgers.edu).
