### NEW EPWORTH BOOKS

#### THEOLOGY AND THE CURE OF SOULS

By FREDERIC GREEVES

This book has been written from three related convictions: first that in our day the distinctive pastoral ministry of the Church needs to be strengthened and deepened; second that this will only happen as the significance of theology for pastoral care is more fully recognised; and third that the pastoral office belongs to the whole Church within which the minister has a special but not a solitary place. *22s. 6d. net*

#### PRINCIPLES OF BIBLICAL INTERPRETATION

By JOHN T. WILKINSON

There is not a little evidence that many people are returning to a reading of the Bible. Many find difficulty, however, in understanding it, and misunderstanding is not uncommon. This short book has therefore been written to indicate the right approach to it. *6s. net*

# The Spiritual Gospel

M. F. WILES

Mr Wiles examines the interpretation of the Fourth Gospel by the Greek fathers, especially Origen, Theodore of Mopsuestia and Cyril of Alexandria. His book adds to our understanding both of St John's Gospel itself and of the Exegesis of the great early commentators. *25s. net*

# The Fourth Gospel and Jewish Worship

*A Study of the Relation of St John's Gospel to the Ancient Jewish Lectionary System*

AILEEN GUILDING

The starting-point for the interpretation of this Gospel is found in first-century Jewish synagogue worship. By correlating each discourse of the Gospel with the Pentateuchal and Prophetic lessons that would be read at the feast or season in question, Dr Guilding shows that the themes and order of these discourses can only be fully understood on the assumption that they were suggested to the Evangelist by the lectionary, and that he used Old Testament texts only within the framework of the three-year system. 30s. net

FORTHCOMING

## Discoveries in the Judaeian Desert

*Volume II: Les Grottes de Murabba'at*

P. BENOIT, O.P., J. T. MILIK, AND R. DE VAUX, O.P.

This work, written almost entirely in French, contains biblical texts, secular works and fragments, in Greek, Latin, Arabic, Hebrew and Aramaic, found in 1952 in the caves of Wadi Murabba'at. They are important for septuagint scholars and provide evidence bearing on the history of the second Jewish revolt against Rome and on the history of Jewish religious practices. *Two volumes, 109 collotype plates, text-figures* £8. 8s. net

## The Synoptic Gospels

JAMES HARDY ROPES

In his preface to this new impression Professor D. E. Nineham draws attention to the wisdom and prescience of the late Professor Ropes, who in this masterly little book sets out some fundamental considerations about the Synoptic Gospels which deserve attention today as much as when the book was written. *Second impression, paper covers 6s. net*
