ERRATUM

An unfortunate error arose in our previous paper 'Electrofocusing and two-dimensional electrophoresis of bovine caseins' by P. Trieu-Cuot & J.-C. Gripon, *Journal of Dairy Research* (1981) **48** 303-310. A paragraph describing the 2-dimensional electrophoresis technique in 'Materials and Methods' (p. 304) should read as follows:

The running gel was a linear gradient gel obtained with 2 starting solutions: (i) 28% acrylamide, 0.7% bisacrylamide, 4.9 M-urea, 0.675 M-Tris-HCl pH 8.8, 0.1% SDS, 6.0% sucrose, 0.04% TEMED, 0.012% ammonium persulphate; (ii) 16% acrylamide, 0.4% bisacrylamide, 4.9 M-urea, 0.675 M-Tris-HCl pH 8.8, 0.1% SDS, 0.04% TEMED, 0.012% ammonium persulphate.
