Kantian Review

Editors

Howard Williams, *Aberystwyth University, UK*

Graham Bird, *University of Manchester, UK*

Richard Aquila, *University of Tennessee, USA*

Kantian Review publishes articles and reviews selected for their quality and relevance to current philosophical debate in relation to Kant's work. In recent times Kant's philosophy has influenced contemporary philosophers over a wide range of issues from epistemology, metaphysics and philosophy of science to moral and political philosophy, philosophy of religion, aesthetics and teleology. *Kantian Review* invites contributions to these debates along with original accounts of Kant's texts, and of the development of his thought in its historical background.

Philosophy

Published for the Royal Institute of Philosophy

Editor

Anthony O'Hear, *University of Buckingham, UK*

Philosophy is the journal of the Royal Institute of Philosophy, which was founded in 1925 to build bridges between specialist philosophers and a wider educated public. The journal continues to fulfil a dual role: it is one of the leading academic journals of philosophy, but it also serves the philosophical interests of specialists in other fields (law, language, literature and the arts, medicine, politics, religion, science, education, psychology, history) and those of the general reader. Contributors are required to avoid needless technicality of language and presentation. Each issue contains an editorial on a topic of philosophical or public interest, and a 'New Books' section.

The institutional subscription includes two supplements and a subscription to *Think*.
