

A Proposed COVID-19 Testing Algorithm–Corrigendum

Alexander Hart; Michelangelo Bortolin; Oluwafunbi Awoniyi; Fahad Alhajjaj; Gregory R. Ciottone

DOI: <https://doi.org/10.1017/dmp.2020.218>, Published online by Cambridge University Press, 24 June 2020

Key Words: communicable diseases, epidemiological monitoring, pandemics, public health, policy making, corrigendum

The original publication of this article¹ omitted a graphic representation of the proposed testing algorithm. Here is that figure.
