

GENERAL NOTES

ROYAL SOCIETY OF MEDICINE.

1 Wimpole Street, London, W. 1.

Section of Laryngology.—The next Meeting of the Section will be held on Friday, 7th November, at 5 P.M.

President, Mr F. A. Rose. *Hon. Secretaries*, Mr V. E. Negus, 133 Harley Street, London, W. 1, and Mr Lowndes Yates, 33 Weymouth Street, London, W. 1.

Section of Otology.—The next Meeting of the Section will be held on Friday, 7th November, at 9.30 A.M.

President, Mr A. R. Tweedie. *Hon. Secretaries*, Mr L. Graham-Brown, 32 Devonshire Place, London, W. 1, and Mr Leslie Powell, 5 Bath Road, Reading.

* * *

The Royal Society of Medicine have invited Dr Chevalier Jackson to deliver a Lecture at 1 Wimpole Street, on Tuesday, the 14th October. He has chosen for his subject "Suppurative Disease in the Lungs." A Lecture before the whole Society, and not simply before a Section, is an unusual honour, and this distinction will therefore be appreciated by all Laryngologists.

* * *

On Monday, 13th October, there will be a debate before the Medical Society of London, in Chandos Street, on "Growths of the Mediastinum," and it is hoped that Dr Chevalier Jackson will take part in it.

* * *

Section of Laryngology.—The first meeting of the Session will be held on Friday, 7th November, at 5 P.M. As Dr Chevalier Jackson will be in London at that date arrangements are being made to arrange a Dinner that same evening, at which he will be the guest of honour. Further particulars can be obtained from the Hon. Secretary of the Section—Mr V. E. Negus, 1 Wimpole Street.

* * *

THE SEMON LECTURE.

As already announced, this will be given in the house of the Royal Society of Medicine, 1 Wimpole Street, London, W. 1, on Thursday, 6th November, at 5 P.M. The Lecturer, Mr V. E. Negus, M.S., has chosen as his subject "Some Observations on Semon's Law."

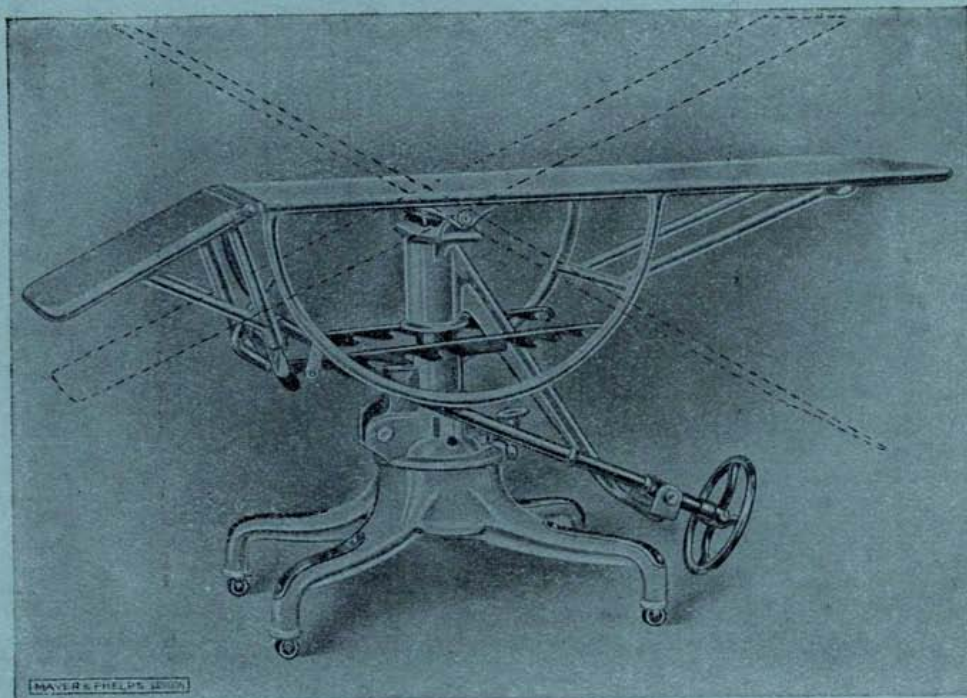

* * *

UNIVERSITY OF MANITOBA.

During the recent Meeting of the British Medical Association in Winnipeg the honorary degree of LL.D. was conferred on eleven members. It is interesting to note that two of these were laryngologists—viz., Dr Prowse, Professor of Laryngology in the University of Manitoba and Dean of the Faculty of Medicine, and Sir St Clair Thomson who presided over the Section of Oto-laryngology.

Peroral Endoscopy Table

Designed and built at Chiron Works for King's College Hospital

This table is arranged for nasal and aural operations as well as for endoscopic work.

The back rest is adjustable from the dependant position shown in the illustration to one nearly at right angles to the top of the table for nasal operations, in which case a suitable head rest is attached.

The table is adjustable in height and can be tilted in either direction and is absolutely rigid in any position. Further particulars furnished on request.
