STANDARD TERMS AND CONDITIONS

The (Co)Author(s) and the Copyright Holder hereby agree to be bound by the following terms and conditions:

1 LICENCE

1.1 The term "**Contribution**" means the article written by the (Co)Author(s) as identified on page one of this LTP and includes, without exception, all the following versions of the article:

1.1.1 **Submitted Manuscript Under Review ("SMUR")**: any version of the Contribution that is under formal review for inclusion in the Journal.

1.1.2 **Accepted Manuscript ("AM")**: the version of the Contribution that has been accepted for publication. This version may include revisions resulting from peer review but may be subject to further editorial input by Cambridge.

1.1.3 **Version of Record ("VoR")**: the version of the Contribution that is formally published by Cambridge. This includes any 'FirstView article' that is formally identified as being published before the compilation of a volume or issue as long as it is citable via a permanent identifying Digital Object Identifier ("DOI"). This does not include any 'early release article' that has not yet been fixed by processes that are still to be applied, such as copy-editing, proof corrections, layout, and typesetting. The VoR includes any corrected or enhanced VoR.

1.2 The term "**Supplementary Material**" means any additional written or illustrative materials submitted or uploaded to the Journal by the (Co)Author(s) for publication in connection with the Contribution. Supplementary Material does not form part of the Contribution and will be made available in association with the Contribution in online format only. Supplementary Material may be original content created by the (Co)Author(s) ("**Original SM**") or it may be third-party material sourced by the (Co)Author(s) ("**Third-party SM**").

1.3 In consideration for publication of the Contribution, the Copyright Holder hereby grants to Cambridge:

- 1.3.1 an exclusive licence to publish, reproduce, distribute, and sell the Contribution or any part of it in all forms and media and in all languages throughout the world, whether print, digital / electronic, whether now known or hereinafter invented, and to grant sublicences of all translation and subsidiary rights;
- 1.3.2 an exclusive licence to exploit all other rights in the nature of copyright, including rental, lending and database rights and all other publishing and print on demand rights in the Contribution;
- 1.3.3 a non-exclusive licence to publish, reproduce, distribute, and sell the Original SM or any part of it in all forms and media and in all languages throughout the world, whether print, digital / electronic, whether now known or hereinafter invented, and to grant sublicences of all translation and subsidiary rights; and
- 1.3.4 a non-exclusive licence to exploit all other rights in the nature of copyright, including rental, lending and database rights and all other publishing and print on demand rights in the Original SM.

1.4 The licences described in Clause 1.3 above shall, throughout this LTP, be referred to collectively as the "**Licence**".

1.5 The Licence shall commence upon Cambridge's formal acceptance to publish the Contribution and shall endure for the legal term of copyright in the Contribution.

1.6 The Author hereby asserts his/her moral right (and, as applicable, has obtained authority from his/her CoAuthor(s) to assert their moral rights) always to be identified as the author(s) of the Contribution in accordance with the provisions of the UK Copyright, Designs and Patents Act 1988.

- 2.1.4 the Contribution and any Supplementary Material contain nothing that breaches a duty of confidentiality or discloses any private or personal information of any person without that person's written consent;
- 2.1.5 all statements contained in the Contribution and any Original SM purporting to be facts are true and any formula, instruction or equivalent contained therein will not, if followed accurately, cause any injury or damage to the user;
- 2.1.6 the Contribution and any Supplementary Material do not contain any libellous, unlawful or otherwise objectionable material, or any material which would harm the reputation of Cambridge;
- 2.1.7 where the Author is signing on behalf of the CoAuthor(s), the Author has obtained prior written consent from each of the CoAuthors expressly authorising the Author to do so;
- 2.1.8 there are no actual or apparent conflicts of interest connected to the Contribution that have not previously been declared to Cambridge University Press. A conflict of interest is understood to exist if an interest (financial or otherwise) exerts or appears to exert undue influence on the analysis or conclusions in the Contribution, the choice of subject matter, or in any other way that impedes or appears to impede the (Co)Author(s)'s objectivity or independence.
- 2.2 The (Co)Author(s) and/or the Copyright Holder further confirm that for (i) any Third-party SM and (ii) any other third-party material (including but not limited to textual, illustrative, audio and video content) within the Contribution, licences to re-use said content throughout the world in all languages and in all forms and media have or will be obtained from the rights-holders; appropriate acknowledgement to the original source of all such materials has been made and, in the case of audio/video material, appropriate release forms have been obtained from the individual(s) whose likenesses are represented in the Contribution and/or Third-party SM, as applicable. Copies of all licences and/or release documentation will, on request, be forwarded to the Journal's editor prior to publication of the Contribution.
- 2.3 In the event that the (Co)Author(s) and/or the Copyright Holder are in breach of any of these undertakings Cambridge shall have the right to cease making the Contribution and/or any Supplementary Material available and/or to require that the (Co)Author(s) make any necessary changes to the Contribution and/or any Supplementary Material (including any factual information).
