

# DRYLANDS

## CO-EDITORS-IN-CHIEF:

**Prof. Osvaldo Sala** *Arizona State University USA*

**Prof. David Eldridge** *University of New South Wales Australia*

Cambridge Prisms is a series of journals dedicated to addressing real world challenges. *Drylands* is one of the titles in the series.

*Cambridge Prisms Drylands* provides a forum for rapid publication of high-impact, multi-disciplinary science and management of the world's drylands. Globally relevant perspectives, reviews and original research will be published on all topics associated with natural sciences, social sciences, and engineering. Transdisciplinary research will be fostered with the publication of case studies, and special issues.

## THE SCOPE COVERS, BUT IS NOT LIMITED TO:

- Dryland ecosystem types
- Society and drylands
- Economics and technology
- Patterns and processes
- Land use & management
- Threats
