Official Cambridge Exam Preparation

Catalogue 2019
Dear teachers

I’m delighted that you’re considering our official preparation materials to prepare for Cambridge English Qualifications and IELTS.

We take great pride in the fact that our materials draw on the expertise of a whole team of writers, teachers, assessors and exam experts. These are materials that you can really trust.

**Our preparation materials are unique in many ways:**
- They combine the skills and knowledge of the teams at Cambridge Assessment English, who create the tests, and the teams at Cambridge University Press, who create the English Language Teaching materials.
- They draw upon the experience of millions of previous exam candidates – where they succeed and where they have difficulties. We target exercises and activities precisely at these areas so that you can actively learn from previous test takers’ mistakes.
- Every single task in our materials has been carefully checked to be an accurate reflection of what test takers find in the test.

In addition, we listen to what you tell us at every stage of the development process. This allows us to design the most user-friendly courses, practice tests and supplementary training. We create materials using in-depth knowledge, research and practical understanding. Prepare for Cambridge English Qualifications and IELTS with confidence in the knowledge that you have the best materials available to support you on your way to success.

We wish you the very best on your journey with us.

With kind regards,

Pamela Baxter
Director
Cambridge Exams Publishing
