Brighter Thinking drives the Cambridge Approach. Every day we talk to teachers and leading educational thinkers in Cambridge and around the world about how to make teaching and learning better. We share teachers’ ambitions to prepare students for success in life, both academically and personally.

This rich insight and our common goal informs the development of every new educational resource we publish. It makes Better Learning possible, enabling students to accelerate their learning and develop skills for life.
Tools to fuel the independent thinker

More than 4,750 schools around the world teach International Baccalaureate® (IB) programmes, with academic rigor and emphasis on students’ personal development at the heart of their teaching.

Similar to our own ethos, IB programmes promote learning and responsibilities that go beyond academic success.

Our resources encourage learners to explore the world around them through concepts, ideas and topics on a local and global level. In addition, they help students apply critical thinking and form reasoned answers in preparation for higher education and beyond.

Cambridge University Press works with experienced and renowned authors to provide learning materials for all IB groups. Our resources advance the IB vision, providing globally aware, high quality and interesting materials for inquisitive minds.

Thank you.

All around the world teachers do fantastic work. Everyone has a story about a teacher who has inspired them, and gone out of their way to make a difference to their lives.

As our way of saying thank you, we’ll be showcasing winning stories and expressing our appreciation by dedicating new books to the world’s most dedicated teachers.

#MyDedicatedTeacher

Cambridge resources for the
International Baccalaureate® (IB) Diploma

More than 4,000 schools teach International Baccalaureate® (IB) programmes, developing inquisitive and knowledgeable learners around the world. Cambridge University Press works with experienced and renowned authors to provide learning materials for all six IB groups.
Theory of Knowledge for the IB Diploma

Second edition
Richard van de Lagemaat

The main question in Theory of Knowledge (TOK) is ‘how do you know?’ This course encourages your students to think critically about subjects, rather than passively accepting information.

- New material covers the four new ways of knowing (imagination, faith, intuition, memory) and the two new areas of knowledge (religious and indigenous knowledge systems)
- Quotations, questions and exercises prompt critical thinking and encourage active engagement with the material
- Each chapter ends with a summary of key points, knowledge framework focus (where appropriate), prescribed titles and suggestions for further reading
- Margin features highlight linking questions, real-life situations and key definitions
- Detailed guidance on how to approach the TOK essay and presentation, with many invaluable tips

Decoding Theory of Knowledge for the IB Diploma

Wendy Heydorn and Susan Jesudason

This book is a practical guide that helps students navigate their way through the Theory of Knowledge course. It helps them understand both the content and the spirit of the subject, which is at the heart of the International Baccalaureate programme.

- Tailored to the Theory of Knowledge syllabus, the book supports any Theory of Knowledge coursebook
- Extensive support on the assessment criteria for the essay and presentation
- Covers areas of knowledge, ways of knowing, personal and shared knowledge, the knowledge framework and knowledge questions

Coursebook

978-1-107-61211-2

Coursebook

978-1-107-62842-7
Creativity, Activity, Service (CAS) for the IB Diploma

An essential guide for students
John Cannings, Maria Ines Piaggio, Peter Muir and Tom Brodie

Student Guide
- With the Cambridge Elevate enhanced edition, videos show CAS Coordinators talking about how to plan a successful CAS project, as well as CAS students providing their insight into the course.
- The course helps students with everything from planning to time management.
- As well as students, the resource is also helpful for CAS Coordinators and those involved in planning student CAS projects in their school.

Introducing the IB Diploma Programme

Editors: Marc Abrioux and Jill Rutherford

This manual is an invaluable resource for schools already offering the IB Diploma, as well as for prospective Diploma schools.

- Provides practical advice on the philosophy of the IB, including on how to become an IB authorized school, descriptions of the Diploma programme in full detail, and a large number of case studies from around the world.
- Contains contributions from over 70 Diploma programme experts.

English A: Language and Literature for the IB Diploma

Second edition
Brad Philpot, David McIntyre and Tim Pruzinsky

This best-selling series has been fully revised and updated for the new syllabus for first examination from 2021.

Coursebook
- The entire course consists of activities for student engagement, from individual moments of reflection to group discussions
- The coursebook is clearly organized into three sections - text types, global issues and assessment - helping you to focus lessons on specific aspects of the course
- The global issues section integrates all three areas of exploration (readers, writers and texts; time and space; intertextuality)
- The first section defines and explores a range of literary and non-literary text types, such as street art, graphic novels and poetry
- Higher Level extension activities in each unit of the coursebook provide lots of practice opportunities
- The final section of the coursebook includes specimens and samples of Paper 1, Paper 2, the individual oral and the Higher Level essay to help students prepare for assessment
- The new key concepts and guiding questions are integrated through the coursebook, giving you a clear pathway through the syllabus
- Curated video links in both the coursebook and teacher’s resource suggest suitable videos
- The coursebook is full of ideas to help students build a learner portfolio

Teacher’s resource
- The new digital teacher’s resource gives you plenty of support, including schemes of work to help with midterm planning
- Contains PowerPoint presentations and photocopiable worksheets for ready-made class materials
- Teacher development essays help you with differentiation and text selection

This digital teacher’s resource is available on the Cambridge Elevate platform.

Available mid 2019.

NEW Coursebook Elevate edition 978-1-108-70494-6
NEW Exam Preparation and Practice Coming Soon

English Literature for the IB Diploma

David James and Nic Amy

Explore English literature from around the world with modern genres like magical realism, to classics from Shakespeare and Dickens.
- Activities help students strengthen key skills, including academic writing and presenting ideas
- Annotated texts highlight key features and author techniques
- Timed essay boxes provide excellent preparation for writing under exam conditions
- Higher Level (HL) extension activities provide differentiated material for HL students

Coursebook 978-1-107-40223-2

Download FREE teacher support materials at cambridge.org/ibdiploma
Engage your critical thinkers

- Introduces students to a broad range of language source texts, including graphic novels, movie stills and curated video and audio sources
- Emphasizes 21st century skills, such as critical thinking and collaboration to support student learning in education and future work
- Contains scaffolded writing that helps to support all learners
English B for the IB Diploma
Second edition
Brad Philpot

Explore the five new themes - Identities, Experiences, Human Ingenuity, Social Organization and Sharing the Planet - with a course that provides a clear pathway through the updated (2018) syllabus.

- Authentic, global material that is relevant to today’s teenagers - from science, to health and beauty
- Clear unit objectives help you stay on track, with integrated exam tips and approaches to teaching and learning features throughout
- The introduction clarifies the assessment, which is particularly useful for those new to the course
- The teacher’s resource provides photocopiable resources, such as classroom worksheets, suggestions for homework, guidance on teaching strategies, online editable schemes of work and the answer key
- With this fully revised coursebook, teacher’s resource and practice book, you can tailor the course according to the needs of your class
- Includes a new text types chapter that analyzes eight different genres and includes scaffolding for writing
- New chapter devoted to assessment

“The essence of this coursebook is that it is rich, providing you with masses of materials to support your English B programme. So much material, in fact, that it’s not just rich, its monumental!”
David Ripley, InThinking website www.thinkib.net

IB Diploma Language B Courses

Second editions

These new editions support the IB Diploma Language B guide for examination from 2020.

As students explore thought-provoking materials within the themes and topics of the new guide, they develop well-rounded language skills and solid critical thinking, helping them succeed in their examination and unlock opportunities in the real world.

- Big questions at the start of each unit introduce important world issues and ensure students’ learning reflects the mission of IB Diploma – ‘to create a better world through education’
- Listening activities in each unit help students practice this essential skill and prepare them for the new assessment
- Sections on literature give Higher Level students the opportunity to practice for their individual oral exam
- Activities in the style of the exam give students the opportunity to develop their language skills while preparing for the new assessment
- Links to Theory of Knowledge (TOK), Extended Essay (EE) and Creativity, Activity, Service (CAS) help students make connections with the IB Diploma Core
- Conceptual Understanding and Approaches to Learning are fully integrated into the coursebook, encouraging students to improve these skills
- A specific section on text types, updated to conform to the new guide, helps students master different types of text
This spread is from Deutsch im Einsatz - German B for the IB Diploma coursebook

2 Textverständnis
In diesem Kürzerab erläutern wir einige Aspekte, die für ein umfangreiches Unterrichtsinstrument von besonderer Bedeutung sind.

WAS IST TYPISCH DEUTSCHES ESSEN?
Der deutsche Kelln hat nicht nur die Aufgabe, die Deutschen zu beobachten, sondern auch die Gäste. Gemeinsam werden die Gäste mit dem Essen. Die Essensgewohnheiten der Deutschen werden von den Gasträumen gespeichert und für die Gäste bereitgestellt. Das ist der Grund, warum die Deutschen so gerne Essen und trinken.

Die Deutschen haben einen sehr großen Anteil am deutschen Sprachgebrauch. Deswegen sind die Gasträume eine wichtige Rolle zu spielen. Der Kellner steht im Raum und versucht, die Gäste zu beraten. Deshalb ist der Kellner eine wichtige Rolle zu spielen.

INTERNATIONALE GERICHTE

IIB_German_book.indb   91

CAS, TOK and EE integrated into the activities to establish links with the IB Core.

Activities in the style of the exam help students practice throughout the course.

Exam tips to help students succeed in their examination.

French ab initio Course
Panorama francophone 1 & 2
Second edition
Danièle Bourdais, Sue Finnie, Geneviève Talon and Irène Hawkes

This new edition supports the IB Diploma Language ab initio guide for first examination from 2020.

Panorama francophone is currently the only resource available specifically designed to guide students through the ab initio French course for the International Baccalaureate programme.

“An excellent and essential resource for any learner of ab initio French. The language is presented in an engaging and lively way, guaranteed to appeal to learners of all styles and backgrounds. The progression through the chapters is clear, and whatever the eventual goals of the learners at the end of their Diploma course, there is something of great worth here.”
John Bowley, Head of French and IB French ab initio teacher, Brentwood School, UK

Spanish ab initio Course
Panorama hispanohablante 1 & 2
Second edition
Chris Fuller, Virginia Toro, María Isabel Isern Vivancos, Alicia Peña Calvo, Samantha Broom and Víctor González

This new edition supports the IB Diploma Language ab initio guide for first examination from 2020.

Panorama hispanohablante is currently the only resource available specifically designed to guide students through the ab initio Spanish course for the International Baccalaureate programme.

- Contains material designed to engage older teenage learners, with topics from high school life, to society and technology
- Written with intercultural awareness and understanding of Spanish as a world language
- Covers key IB texts, themes and all elements of the examination, with TOK and CAS integrated into the learning
- Created by a team of experienced authors of language resources in collaboration with IB ab initio examiners
- Encourages practicing the language in context through activities that cover all aspects of language acquisition: listening, speaking, reading and writing
- Improved workbook with extra grammar and vocabulary practice
Global languages for global citizens

Give the gift of language

• Structured around the five new themes of the syllabus - Identities, Experiences, Human Ingenuity, Social Organization and Sharing the Planet

• New listening activities for the new exam component

• TOK, CAS and EE in every unit

• Fully international with texts and images from around the world

• Standard and higher level questioning supports mixed ability classes making learning accessible for everyone
History for the IB Diploma Papers 1 and 2

Second edition
Series Editor: Allan Todd

IB Diploma History syllabus for examination from 2017.

• The titles are source-led and encourage the development of investigative, interpretive and analytical skills, which help your learners become independent thinkers
• Relevant links to Theory of Knowledge and Key Concepts in the syllabus encourage these concepts into their wider learning
• Activities foster an exploratory and inquiring approach and exam-style questions help prepare students for assessment
• The series covers topics from the Standard and Higher Level options

Paper 1: History for the IB Diploma, Paper 1 includes a choice from three coursebooks that each cover a 20th century topic from the syllabus: The Move to Global War (Japanese and German/Italian expansion), Rights and Protest (US Civil Rights and Apartheid) and Conflict and Intervention (Rwanda and Kosovo).

# History for the IB Diploma Paper 3

**Series Editor: Allan Todd**

IB Diploma History syllabus for examination from 2017.

With resources for the history of the Americas, Europe, Asia and Oceania you have the widest topic choice for Paper 3.

- Provides historical accounts, along with detailed explanations and analysis
- Includes key questions that develop the necessary understanding and skills
- An emphasis on historical debates prepares students for the in-depth extended essay required in the Paper 3 examination
- Theory of Knowledge links stimulate thought and discussion
- Dedicated activities help integrate the new Key Concepts into your students’ learning
- Clear essay writing and exam guidance
- Covers selected topics from the Higher Level options in the updated IB History syllabus

Psychology for the IB Diploma
Jacob Solomon
IB Diploma Psychology syllabus for examination from 2019.

Delve into human behaviour by studying real cases. Through studies of famous psychologists, students learn about the diversity of human behaviour and the factors that influence our decisions.

- The ‘Newsflash’ feature gives real-life examples of psychology, so students see how the subject relates to the world around them
- International case studies and concise definitions of important concepts make this an ideal resource for learners whose first language is not English
- Exam-style questions at the end of every chapter help students prepare for assessment
- The coursebook covers both Standard and Higher Level content
- Suggested answers to the coursebook questions are at the back of the book so students can study in their own time

Business Management for the IB Diploma

Second edition
Peter Stimpson and Alex Smith

IB Diploma Business Management syllabus for examination from 2016.

Help your students think critically, make ethically sound decisions and think strategically with *Business Management for the IB Diploma*.

• Includes IB Learner Profile research tasks, Key Concept extended questions and Theory of Knowledge activities
• Contains exam-style practice questions and a dedicated chapter on assessment and exam techniques
• Updated case studies prompt group discussion and critical thinking opportunities

Would you like help with revision for your class?
Look out for our new Exam Preparation Guide.

Economics for the IB Diploma

Second edition
Ellie Tragakes

IB Diploma Economics syllabus for examination from 2013.

This economics course helps students develop international perspectives, and foster a concern for global issues. It raises students’ awareness of their own responsibilities at a local, national and international level.

• Encourages progressive learning with end-of-chapter assessment questions to test students’ understanding
• International case studies bring economic theories to life
• Provides clear explanations of economic concepts using accessible language

“We like it so much we have aligned all of our schemes of work to include readings and activities from each topic... It combines clarity, readability and core IB Business Management knowledge very effectively, and has great case study questions to get the student thinking. In a nice touch, the authors have also included revision questions targeting core revision knowledge this time around.”

David Burton, IB Business Studies teacher and founder of www.businessmanagementib.com
### Coursebooks

- Full coverage of all Option Topics available online
- Features a new chapter dedicated to the Nature of Science material in the new syllabuses
- Includes clear links to Theory of Knowledge and international-mindedness
- Strong emphasis on practical skills throughout
- Teacher support available online, including teaching ideas, practical worksheets and guidance for the internal and external assessments
- Exam preparation supported with plenty of sample exam questions, online test questions and exam tips

“The book is of high quality, with proper information in it for the exams. There are also some questions on each topic, which are useful.”

Workbooks

• The workbooks are perfect for giving your students more practice – lots of questions and checklists allow them to monitor their own progress and understanding
• They complement the coursebooks and help students hone the necessary skills of handling data, evaluating information and problem-solving, through a varied selection of brand-new formative exercises and exam-style questions
• Answers to the questions are provided on the accompanying CD-ROM

Exam preparation guides

• The exam preparation guides combine subject knowledge with exam preparation techniques and assessment support to fully prepare students for their IB exams
• Packed full of model answers, annotated exemplar answers and hints
• Worked examples show the step-by-step processes to follow to answer different kinds of exam questions

“Very helpful! Covers all the material concisely with effective examples.”

Mathematical Studies for the IB Diploma
Caroline Meyrick and Kwame Dwamena

This course focuses on placing more emphasis on student understanding of fundamental concepts than on symbolic manipulation and complex manipulative skills; giving greater emphasis to developing students’ mathematical reasoning, rather than performing routine operations; solving mathematical problems embedded in a wide range of contexts; and using the calculator effectively.

- The significance of mathematics for modelling and practical applications demonstrates how mathematics is relevant to the real world
- Features exam hints and tips to prepare students for their examinations, as well as Theory of Knowledge issues, cross-curricular support and critical thinking issues
- Worked examples of stage-by-stage written solutions show typical working and thought processes

Visual Arts for the IB Diploma
Heather McReynolds
IB Diploma Visual Arts syllabus for examination from 2016.

Capture your students’ imagination and encourage their individual artistic style with visually striking images.

• Examples of students’ work help learners understand the course
• International case studies link students’ learning to real-life examples from around the world
• Theory of Knowledge questions throughout encourage students to make links between visual arts and Theory of Knowledge
• Definitions of key terms alongside the text support students where English is not their first language

Coursebook 978-1-107-57706-0
Coursebook Cambridge Elevate edition (2 years) 978-1-316-64110-1

“It is a rare thing for a textbook in art to be available, let alone one that could so readily reduce the countless hours spent selecting comparable materials to present; while additionally clarifying the understanding of the instructor’s role as facilitator, student’s role in inquiry learning, and the general ‘IB-ness’ of the course.”
Five star Amazon review by IB Visual Arts teacher

This spread is from Visual Arts for the IB Diploma

TOK questions included throughout to encourage students to make links between visual arts and Theory of Knowledge.

Definitions of key terms included alongside the text to support students where English is not their first language.

Examples of students’ work help learners with the assessment requirements.
Cambridge School Shakespeare

Founding Editor: Rex Gibson

**Cambridge School Shakespeare** helps you deliver an active approach to classroom Shakespeare, enabling students to inhabit Shakespeare’s imaginative world in accessible and creative ways.

Dramatic experience is at the heart of the series, with students encouraged to share Shakespeare’s love of language, interest in character and sense of theatre.

Latest editions:

- An improved, larger-format edition of the **Cambridge School Shakespeare** plays, extensively rewritten, expanded and produced in an attractive new design
- Substantially revised and extended in full color, classroom activities are thematically organized in distinctive ‘Stagecraft’, ‘Write about it’, ‘Language in the play’, ‘Characters’ and ‘Themes’ features
- Extended glossaries aligned with texts of the plays for easy reference

Cambridge School Chaucer

- Cambridge School Chaucer is an excellent way of introducing your students to an important period of pre-20th century literature (and encouraging enjoyment and understanding of Chaucer among a wide age range)
- The original Middle English text appears on right-hand pages, faced by left-hand pages containing a glossary of the more unfamiliar words and phrases, notes on style and characterisation with suggestions for activities
- Each book contains background information on The Canterbury Tales, a brief explanation of the main lexical problems Chaucer presents, suggestions for essay and context questions and a section on further reading

Cambridge Topics in English Language

Cambridge Topics in English Language is a series of introductory study guides to major scholarly topics in the fields of English linguistics and stylistics. They are suitable for students of IB English A: Language and Literature. The books guide students through major modern issues and concepts such as gender, diversity and changing attitudes to language.

- The research is at an accessible level for those new to linguistics and there is particular support analyzing spoken language data, such as colloquialisms and idioms
- Exam-style questions and analysis activities provide students with valuable practice and help build confidence in this area
- Summaries of key concerns and modern findings guide students on ways into their own investigations

Developing Summary and Note-taking Skills

Third edition
Marian Barry

Developing summary and note-taking skills helps students to improve their academic English, whether they are first or second language students. They progress through a range of engaging texts, and by working through the exercises they will enhance their ability to extract key information, present information clearly and logically and write better-connected prose.

- The book is arranged around six theme-based sections, chosen for their appeal to young people and their applicability to international contexts
- Vocabulary pages highlight key words and phrases, useful for the composition questions, while the vocabulary challenge exercises can be adapted for differentiation purposes
- Writing tasks further consolidate the topic, requiring students to apply their knowledge creatively to a related context

Critical Thinking: An Introduction

Second edition
Alec Fisher

This book concentrates on developing critical thinking skills explicitly and directly. Students will improve their ability to interpret, analyze and evaluate ideas and arguments and learn how these skills can be transferred to other studies and everyday life.

- Includes a wide variety of materials on topical issues to stimulate critical thinking and discussion
- ‘Thinking maps’ enable students to monitor and improve their critical thinking skills
- A breadth of questions allow students the opportunity for self-evaluation

Teaching Probability
Jenny Gage and David Spiegelhalter

We know why probability is important – first, it is an intrinsic part of mathematics, with attractive methods to solve challenging abstract problems. But perhaps more important is its relevance to the real world, as it provides the formal framework for dealing with chance, randomness and uncertainty in general.

- *Teaching Probability* focuses on methods you can apply to help your students engage with the topic, such as using experiments and mathematical models to solve problems
- Considers how to overcome common misconceptions
- Provides lesson materials that you can adapt according to the age and ability of your students

For free teacher’s resources, go to teachingprobability.org

Teaching Statistics
Darren Macey and Will Hornby

Statistics has developed in parallel with the advances of technological and social change. This book frames the interconnectedness of the subject around the experiences that students should have, rather than the specific techniques required.

- The book provides numerous examples and suggestions that you can incorporate in the classroom to help improve the way students understand statistics

NEW Teaching Statistics 978-1-108-40630-7
Approaches to learning and teaching: a toolkit for international teachers

These subject-specific guides provide teachers with a range of practical ideas, from classroom activities to differentiation, active learning, reflective practice and formative assessment. They’re ideal if you are studying a professional development qualification or international PGCE.

The Approaches to learning and teaching series considers the local and global contexts when planning and delivering a syllabus. It has been written in collaboration with the world’s largest provider of international education programs and qualifications for 5 to 19 year olds, Cambridge Assessment International Education.

The titles present ideas in the context of subject and give practical examples that help you put theory into context. In addition, with each title you get a variety of lesson ideas you can download from our website.

Cambridge Elevate teacher’s resources

Goodbye CD-ROM, hello digital teacher’s resources

To ensure our teacher’s resources are as helpful as possible and enhance teaching and learning, our Cambridge Elevate editions are available as print and digital bundles, or standalone digital editions.

• Your digital teacher’s resource gives you access to everything you need to plan your teaching. Choose from editable Word files or PDFs for lesson plans and worksheets, and download supporting files from within the resource.

• Go directly to the resource index to download every file you need to deliver a specific unit or lesson, so you don’t have to rely on your internet connection.

• Cambridge Elevate is simple to navigate and personalize - highlight text, annotate, create voice notes, or organize your table of contents.

• Access your library of Cambridge books anywhere, anytime, whether online or offline (via the app).
Ordering your resources

Institutional Customers
To place an order, please produce a Purchase Order on official letterhead and provide the following information:

• Account # (if known)
• Complete bill-to name and address
• Complete ship-to name and address (if different)
• Name, title, phone, and email of the person(s) placing the order
• School purchase order number
• ISBN, full title and author name per title
• Quantity, per title
• Special instructions, if any

Please send your order via one of the following methods:

Mail: Cambridge University Press
Order Fulfillment
1 Liberty Plaza
New York, NY 10006
Fax: 212-691-3239
Email: orders@cambridge.org

Please note that books will be shipped UPS, FedEx Ground or truck unless another method is requested.
Terms are net 30 days, F.O.B. shipping point.

Individual Customers

Individual customers will be charged our retail price. Please check our website for retail prices: cambridge.org/education

All orders from individuals must be prepaid by check, money order, or credit card. Credit card customers may also call 1-800-872-7423.

Shipping and handling in North America is $6.50 for the first book and $1.75 for each additional book. Please include the appropriate state and local tax.

Further information and support

Questions about products or sample copies? Contact your IB representative

If you would like more information about any of our IB products, please contact your local IB representative. You can find your local representative here: www.cambridge.org/education/find-your-sales-consultant
If you would like to review a sample copy of any of our materials, please contact your local IB representative and include the following information:

• Complete title
• ISBN
• Course title
• Current book adopted
• Estimated class enrollment
• Adoption decision date
• Name and phone number of decision maker(s)

Some materials, including teacher resource materials, professional reference titles, Audio CDs, videos, DVDs, etc., may not be available for sampling. Cambridge University Press reserves the right to limit the number of sample copies sent to any one person or address.

Questions about existing orders, technical support and returns? Contact Customer Services

For questions about an existing order, please contact Customer Services, either via email at customer_service@cambridge.org, or call 1-800-872-7423 (9:00 am – 5:00 pm Eastern Time).

If you need support with any of our digital products, please contact Technical Support, either via email at ptsupport@cambridge.org, or call 1-844-682-0042 (6:00 am – 9:00 pm Eastern Time).

All book returns should be sent prepaid to the following address. Please include your order documentation.

Cambridge University Press
Attn: Returns Department
1210 Ingram Drive
Chambersburg, PA 17202
