# Activating Test & Train in *Compact Advanced 2ⁿᵈ Edition*

Teacher

1) Access the digital components of *Compact Advanced 2ⁿᵈ Edition* using the code in the front of the Teacher's Book.

2) Look in **My Bookmarks** and you will see a tile for **Compact Advanced 2nd Edition**, and <u>separately</u> you will see a tile for **Test & Train Class-based C1 Advanced**. One code gives you access to **two** products.

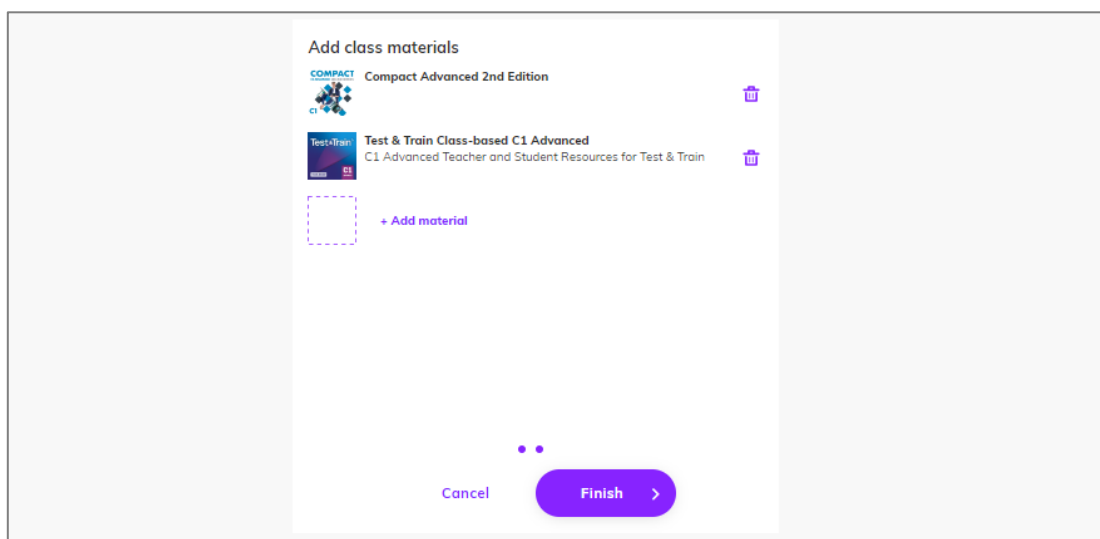

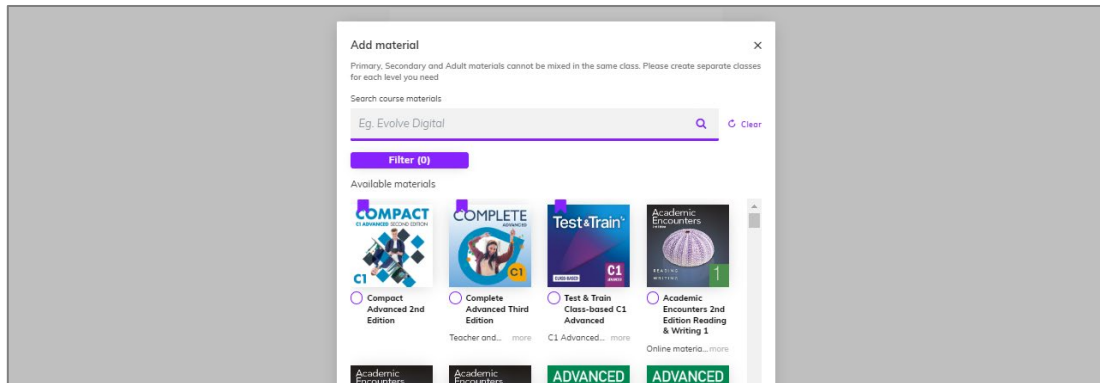

3) To set up your class go to **My classes**, create a new class for *Compact Advanced*. When you '**add materials**', first add *Compact Advanced 2ⁿᵈ Edition*, and secondly add *Test & Train Class-based C1 Advanced*. Click on **Finish** and your class is successfully created.
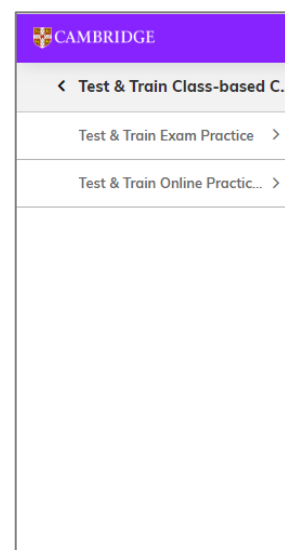

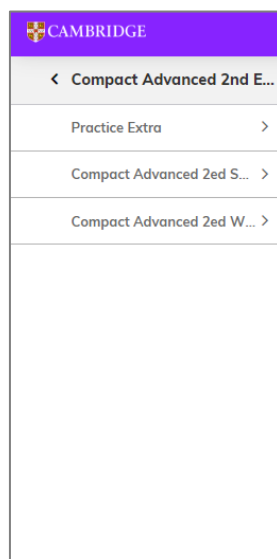

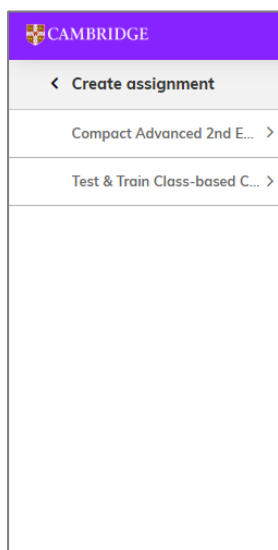

4) Once the class is set up, when you go to **Assignments** you will see you can choose from *Compact Advanced 2nd Edition* (Practice Extra, Students Book eBook or Workbook eBook) or *Test & Train Class-based C1 Advanced* (Exam Practice or Online Practice Test).
