

## ERRATUM

Anderson, D. K., 2015. New specimens and neotype designation of *Thisbemys brevicrista* (Rodentia, Ischyromyidae) from the middle Eocene clarify the distinction between *T. corrugatus* and *T. plicatus*: *Journal of Paleontology*, v. 89, p. 318–330.  
doi: 10.1017/jpa.2014.27

Values reported in Table 2 (p. 320) in the above article were erroneously submitted prior to applying an instrument conversion factor. The values reported in Table 2 (p. 320) (except those for KUV 14233) need to be adjusted downward by 15%. For example, the 4.25 reported for DMNH 6992 M<sup>1</sup>L should be 3.61.
